Dear Mr. Nanney,

Thank you for your letter of 9 July with regard to the family Nanney/Nanny.

I am afraid that the only reference to the name is on one of our index cards, a copy of which is enclosed.

I hope this will be of help.

Yours sincerely,

The following is a transcription of the inventory of the items left by Samuel Nanny in Bermuda after his death. They give a few clues about his occupation and personal dress. The information was sent to me in the form of a xerox of pages 333 and 334 in a book at the Bermuda Archives. Their address is listed as:

Bermuda Archives  
Government Administration Building  
Parliament Street  
Hamilton 5-24 Bermuda

Some of the print is illegible, so I have done my best to decipher it. Some blanks are included where no words can be made out. A monetary accounting for most items is at the end of each line. Unknown words (some foreign perhaps) are in bold type.

Copy of inventory, taken by Daniel Johnson and Leonard White, of goods left by Samuel Nanny deceased with Mrs. Susanna Jenour, widow. Latter appeared May 10, 1690 before Gov. Robert Robinson.
