Dear Dennis:

On or about 12-15 Sept. I sent you some information on the Nanney's & Gancey's. This included the pedigree by J. E. Griffith and letters on the Gancey's. Hope you received it and it was not lost or misplaced in the mail.

Also requested copy of the Nanney History Complied by Lucille N. Moore. I would be glad to pay for reproduction if copies can be made.

If there is other specific material you would be interested in please let me know.

Sincerely,
Stanley M. Nanney

Dear Dennis:

Thanks for the information you sent
about the middle of Dec. I have
most of it, but appreciate getting it.
After Roberts death in 1663 his
widow married a Taylor. They
had two girls and most of her
property went to them. She was
much younger than Robert. You
should be pleased to have someone
in the New England area to help out.

Is the Charles Jancey that Sharon
mentioned the son of the Shriampt?
Charles Jancey? I met him (so.)
years ago when I lived there

I have a Copy of the info. on Hugh
 Tamm, who was one of several whose
 names were used to set off 6313 @ for
 Edmund Jennings in 1689. We have
 been unable to trace any further. The
 was also a John Tamm in Va 1663
 who gave up his grant to someone. We
 haven't been able to trace any further.
 Records were burned due to War de
 maybe someone will find what
 happened sometime.

My Challenge now is to determine
 how my G G G G Grandfather John
 Sn got to Va. We have used
 of mouth, but no documentation
 I have letters in Wm
 Mansfield and Philadelphia

Wish we had someone in Philly
that could check the records
there. My Dad is 96 now and
he always believed John S.
Came from Phila to Va. - No
proof just a lunch.

Guess that part about
takes care of everything. We
all had a great Christmas
and we hope you and your
family have a great 88.

Sincerely

Steve Munn

P.S. Thanks for the Directory address

Dear Dennis:

Received your letter, a
copy of Clarence Gannett's
letter of 5-21-1980 and
Genealogy of the Nanney
family by Lucille Danney
Koon, yesterday. Please
disregard my letter saying
I had not heard of you
had received the info. I
sent you in early Sept.
I would appreciate it
if you would send me a
photo, stating what I sent
you as I forgot to make
a list. So I don't want to
duplicate. I'll start working
on your questions soon.
Plan to visit my 94 year old
father first of next week
and as soon as I return
I'll get you some more info.
I'm sorry for the inconvenience. Thanks for your letter.
Steve

I would love to have a copy
of the Nanney History as compiled
by Lucille S. Coon. I've heard
about it but have not seen it.

Am still trying to find out how
John Nanney Sr. came to Va. Am
pending a chart of his family
down to Shadrach for 22.
Grandfather. He was married
and had 15 Nanneys.
Hope this helps some. Let me
know if I can help more.

Dear Dennis:

Some time ago I answered your letter regarding your plan to consolidate a computer print-out of the Nanney family. I suggested you contact Lynn Fussell of Richardson, Texas who is doing the same thing as I had sent him all the info I had on my immediate family. I hope you were able to get the father with him. I also request info on Robert and Samuel Garber. I hope you received my letter, but to date I have not received a reply.

I would also like to purchase a copy of your print-out. One day we will find the cars to our families, if we work together.
Sincerely and Faithfully
Stancill

Dear Dennis:

Sorry I'm late in sending you additional information on my family. Have been waiting to get a list of info sent you previously.

Thanks for the document written by Lucille Danner Kodu. I'm from the same family. I go back directly to John Danner Sr. of Va. who married Frances Howard. I'm enclosing a copy of your letter and will

answer your questions in the order that you posed to the best of my ability. There are many dates in early ^{years} that are questionable. Until we get documentation they will

remain questionable. I have
 documentation around 1068-Prince
 of Pow's, Nannam Near Dalselley
 to Samuel Aug. 27. 1659. we
 ship and start again with John
 Flannery Sr. Esq of Wight, Va who
 married Frances Howard. we
 cannot document how John got
 to Va. or when he was born. I
 have copy of land grant dated
 1741-2 who he rec 580 acres from
 the Crown. I also have a
 copy of his will. His son John
 who married Ellice Cator is my
 direct ancestor and father of
 Shadrach who came to Union
 Mills. D.C. 1798 with his 1st
 wife Max. 1111 St. Wat Cabb.

Sorry to know Charles Yancey is
 deceased. We were acquainted
 when I lived in Shreveport. He
 was at Barksdale A.F. B.
 in Shreveport. ^{Rev. But} Charles Nanney sent you
 some interesting info. we may
 duplicate as he sent Charles
 several pieces of information.
 New fellow your ltr
 enclosed.

1. I probably started this story at
 the Nanney reunion at Union Mills
 in Aug 1986. Jack Nanney of Lancaster
 Texas always said that John Nanney
 Sr. was the son of Samuel Nanney
 and an Indian Maiden who
 died when John was born.
 She was about the age of 12.

No recorded proof of Name,
 marriage, ward of court from
 generation to generation. Her
 Name: "Seckickahenung" See Deco
 #1 item 7. In my opinion there is
 only one Samuel Nanney, b. Aug 27,
 1657 - Died 1698 probably in Bermuda.
 I have copy of inventory of his Dad's
 (Robert's) Merchandise left in Bermuda.
 I also have copy of Samuel's personal
 effects that were sold in Boston
 to pay his back taxes. If
 John Nanney Sr. of Va is his son
 we are all ^{Nanney} his descendants.
 I also have a copy of his mother's
 will (Katherine Wheelwright Nanney
 Weylor. She married a May 1st after
 Robert's death and they had

Two daughters. She did not mention a grandson as Samuel died in 1690.

2. I have covered this question briefly
3. I have only one principal question now and that is. When and How did John Nanney Sr. get to Va. I have three letters out now - 1 to Cardiff Wales Library - 1 to London and 1 to Phila -
4. Incl # 2 is a little Bulletin about Nanuan & North Wales
5. I have been unable to get a list of any ships except the Increase that Robert came on in 1635. I think I sent you a Copy earlier
6. Incl # 3 is Copies of re-searcher that did come with for me in Va. Here little help re-search.

records are skimpy and unindexed.

7- Incl # 4 ad # 5 gives you an overview by two descendants. I've read someplace that Huggons played an early role. H.

8- Not to my knowledge. If you have any luck pls send info.

I think the above answers most of your question. However, I am enclosing some additional info that may be of interest and value to you

9. Incl # 6 Roberts will

10- Incl # 7 page from Genealogical Dictionary of Maine and N. H.

11- Incl # 8 Mar info from C. L. Yancy to W. C. and J. B. Wagon and a few pages on the Nanney or Yancy history. I rec. 1st copy of J. E. Griffith recd from Cmdr. Duesen at Barksdale. The Nanneys are Wagon were

intermarried. He was a descendent
of the Wyans. See pedigree sent you.

Incl #9 Ltr Mrs Elliott from Va. ytd
ask some research for us and says
John Nanney was first Nanney to the
Incl #10 - Two pages of ltr from
Pammy Nanney Baker, who probably
has as much info on Nanney's as
anyone. Am still trying to get her
to write the history.

Incl #11 A brief Genealogical History
of some of the Descendants of John Nanne
of Brunswick Co. Va. by Louise Norton
Louise gave me permission
writing to publish this Proceeding
I gave her credit for the re-
search. She has written

8

Several publications, but is in
poor health. Heart & kidney trouble.
I probably won't ever consider
it unless I can find out a
document how John got to it.

Hope this helps and if you
get anything new on the
Danner's pls give me a copy
Thanks.
